Re: Freedom of Information Act Request EPA-R9-2018-009364

Dear Mr. Castleman:

This is in response to your Freedom of Information Act request regarding all written reports, draft reports and/or any other written communications between the EPA and the US Navy concerning the radiological testing and remediation of potentially radioactive substances at the former Hunters Point Naval Shipyard (HPNS) in San Francisco California from April 16, 2018, through and including the date of this request, which was July 9, 2018.

Thank you for confirming, via phone call on August 1, 2018, Greenaction's request that the email portion of EPA-R9-2018-009364 be held in abeyance until after EPA has provided the other documents sought to expedite the production of those documents.

The most recent set of releasable documents responsive to your FOIA request have been uploaded to EPA's FOIA Online system found at:  
<https://foiaonline.regulations.gov/foia/action/public/home>. To access the documents, reference your FOIA request as EPA-R9-2018-009364.

Please contact Brianna Fairbanks at (415) 972-3907 should you have any questions concerning this matter.

Sincerely,

Enrique Manzanilla  
Director, Superfund Division
